1. Headquarters wishes to call your attention to the Department of State Instruction No. CA-1751 which pertains to Alien Enlistment in the U.S. Army. This document was dated 10 September 1954 and forwarded to the American Embassy, Athens;

2. In summarizing the contents of this document the main points were:

a. The Department of the Army proposes to send a 4-member team to Greece to do the preliminary screening of prospective alien enlistees in the U.S. Army under Public Law 397, 81st Congress.

b. FOA has expressed its willingness to assist in making refugees available for a preliminary screening in Greece, and in covering their transportation expenses to Germany where the actual enlistments are to take place and also in their resettlement if they fail to qualify for enlistment in the U.S. Army.

c. The Department of the Army is very anxious to offer enlistments to selected refugees in Greece. If their proposal to send a 4-member screening team there materializes, it may offer a means of disposing of the SCDN-11338/3 problem as well as offering some of our more deserving former agents a better life than that found in a refugee camp.
